Prevent Lost Pets

- Always keep your pets indoors (especially cats and small dogs).
- Keep dogs within a secure fence. Your pet should wear a collar and ID tags at all times. Include an up-to-date phone number where you can be reached.
- Keep recent photographs of your pet.
- Have your pet microchipped, and be sure to keep the records up to date if you move or get a new phone number.
- Maintain written records of your pet (size, color, unique markings) and, if someone else cares for your pet, ensure they have access to this information.
- Spay/neuter your pet. Studies have shown that sterilized animals are less likely to roam.
- Keep them safe when you're out and about. Animals love the outdoors but it is our responsibility to protect them.
- Build a safe outdoor enclosure such as a "Catio" to allow pets safe outdoor playtime.
- Always leash your animals when outside.

- Keep them close to home and away from traffic, unfamiliar animals, and those who may not be concerned about your pet's best interests.
